With the external authorisation the person liable for tax assigns rights for work with forms within eDavki portal to another person liable for tax (EDP authorised representative). EDP authorised representative **is not** at the same time also a process agent (for serving documents). But such person may examine served documents (if e-proof of service is signed or the fictitious service has occurred) under condition that has a EDP right to examine the document eVročanje-OsDok or eVročanje-Dok.

Persons liable for tax settle the scope of authorisation for serving (assignment and cancellation) with the form [Vročanje-PE](#).
